Program Results and Effect:

The State Treasurer's Office is an internal service agency. As such we strive to serve each agency in an efficient and productive manner. Our primary purpose is to receipt in and pay warrants in an accurate and timely manner, and verify with the Controller's Office that every fund is in balance.

In addition, the Idaho Treasurer's Office produces non-tax dollar revenue by investing funds not currently in use while ensuring the preservation of capital in the portfolio liquidity of investments based upon the constraints imposed by cash flow needs, and providing maximum yield while maintaining safety and liquidity.
